RE: Commodore Semiconductor Group Site, Norristown, PA

Dear Suzanne:

This letter confirms the telephone conversation today among you, Bill Bryson and me regarding your letter dated March 31, 1988.

Since we received the letter on April 5, the normal ten (10) day response deadline would be April 15. However, since we are awaiting receipt from you of the CERCLA regulation along with the definition of which hazardous substances are covered by the regulation, we do not know yet what effort is required to respond. Accordingly, we requested a two (2) month extension of our response deadline (to June 15, 1988), which you approved conditional upon receiving this letter.

Thanks for giving us an opportunity to explain the nature of our office environment and in your answering our questions this morning.

Very truly yours,

M. H. Porter
